

ADVANCED LABOR  
MANAGEMENT SOFTWARE

# CrewSight™ Labor Management Solutions

CrewSight is the leader in site access control, time and attendance capture and workforce management

# CREWSIGHT

CrewSight software combines a jobsite access control system with a worker database for increased site security. Plus, you can track time and attendance, safety documentation and compliance, and store your workforce registry. CrewSight creates automated reports and streamlines workforce communication with broadcast texts.

Secure your jobsite and manage entry permissions

Quickly access emergency information

Badge or tag workers for tracking

Connect to your workforce from any location or device

Access compliance and reporting information

Send broadcast texts and e-mails

## ► Access Control/Authorized Entry

CrewSight helps you enforce access rules to your jobsites and alerts you of unauthorized entries.

Add your workers, or have them self-enroll, and set their access permissions.

Ensure only those with the necessary documentation, such as NDAs, compliance agreements, health and safety documents, etc. can access the site.

Link with a mobile conex box for authorized entry and exit.

## ► Labor Tracking

CrewSight records each worker's time on site for accountability and reporting.

Know who is on each site, including their company and trade affiliation.

Track crew and subcontractor hours by jobsite.

Validate subcontractor billings with ground-truth data. Sign up for regular labor report summaries via email or text.

## ► Site Security

Limit access to your jobsite, improving security for your workers, equipment, and material.

Limit site access to workers with proper training, NDAs, drug tests, qualifications, and more.

Receive alerts and reports if unauthorized access occurs.

Allow your guards to focus on perimeter and vehicle security.

Reduce equipment theft by securing your site.

## HARDWARE FEATURE: CrewLane Modular Turnstiles

**MODULAR · RUGGED · DEPENDABLE: PORTABLE TURNSTILES FOR YOUR SITE**

Simplify your site security and compliance with a modular turnstile. Coupled with CrewSight software, automate access control and compliance for all workers. Expired OSHA training, no site access. You set the rules, CrewLane and CrewSight

### ► Health and Safety

CrewSight enables you to document workers' emergency contact info and send safety alerts.

Confirm a jobsite is empty through supervisor alerts at the end of the day.

Broadcast text alerts with check-in point details during mandatory mass evacuations

Find an unconscious workers' emergency contact information from your phone in seconds.

3 Workers on site have certifications expiring next week

 North Drive vehicle entrance will be inaccessible beginning tomorrow through Friday. Please plan accordingly.

### ► Compliance

CrewSight organizes your workforce data to facilitate compliance with government or owner mandates.

Link license expirations to access control and limit your liability

Use labor reports to assist in payroll certification

Facilitate reporting for local labor and Davis-Bacon requirements

Configure your workforce database to record experience, documentation, and certifications

### ► Drug Screening and background checks

One of the most important aspects of workforce qualification and safety is drug screening and background checks, to support this need we have carefully selected First Advantage as a solutions partner. First Advantage is recognized as the leader in drug screening and background check services and serves clients worldwide.

With pricing based on construction projects with high volume personnel counts, First Advantage can provide price levels that are among the most competitive in the industry.
